

People Start Off With
a Country, and Wind Up
With a Government

When non-political J. Edgar Hoover, head of the FBI, contradicted Harry Truman's explanation of the Harry Dexter White case that wrapped it up as far as most Americans are concerned. But now we're on a merry-go-round which it behooves our country to get off of if we expect to salvage our basic freedom as individual citizens of this republic.

For we indeed are individuals first, and citizens second. That's how our forefathers stated it when they founded this republic, and no citizen of the government, whether Republican or Democratic, is going to be permitted to misstate it under the pretext of a spy emergency — whether old or new.

It now appears that Harry Truman was lax in official vigilance, when he promoted the late Mr. White in the face of charges involving national security. But if I were writing Mr. Truman's answer I would plead that my predecessor, F. D. Roosevelt, had let so many doubtful people into the government that I couldn't possibly catch up with all of them — a plea, however, which Mr. Truman would reject because of blind loyalty to a party name.

Nevertheless Mr. Truman was on firm ground when he rejected a subpoena by a committee of the congress. The President is answerable only to the people. Issuing that subpoena was a glaring political mistake by the Republicans, and President Eisenhower had to move with unprejudicial haste to disown it.

In the last analysis FBI Chief Hoover flattened Mr. Truman — but all this is old corn; what's worrying most Americans is the picture of what lies ahead, if we listen to Attorney General Herbert Brownell. I've listened, and I dislike what Mr. Brownell proposes even more than the danger which he describes.

The story is that the FBI couldn't proceed directly against the late Harry Dexter White in the courts, back in the 1940's, because much of the government's espionage evidence depended on mechanical recording of telephone messages. The federal courts bar such evidence. Now Mr. Brownell wants the congress to write a law making wiretapping and recording legal.

Other attorney generals, Democratic as well as Republican, have urged this before now. One time it is a gang war. Now it is the current spy scare. But always it is the head of the federal police who is asking congress for authority to invade the offices and homes of private Americans and listen to whatever may be said.

If the net result of the spy scandal is to destroy the ancient Anglo-Saxon guarantee against search and seizure and invasion of privacy, both here and in Great Britain, then the free world has indeed lost the very thing for which it is arming against the Russians.

For the power to set federal spies on every property and every telephone line is not the end. It is only the beginning. Next there will come police frame-ups — and every mechanically-minded citizen in America knows that the sound recorder would be a perfect liar in the hands of arbitrary power. Adolf Hitler went many a German to his death by the simple process of having technicians change the word "No" to "Yes" in a recording. I have done it myself — changed "No" to "Yes" — on a recording right here in Hope. And what the Nazis did with this mechanical "evidence" in their controlled courts is a matter of history.

Whether Republican or Democratic, whether the current issue is catching gangsters or spies, every American administration should be watched closely by the people when it is proposed to enlarge the evidence-gathering powers of the federal police. We let a lot of guilty men go free, no doubt; but the alternative, unless we are alert and determined, will be to place every citizen at the government's beck and call — and require us to show cause why we should continue to move about as free and equal men.

It was for this that our ancestors left Europe and founded this republic. My epitaph is one I coined long ago in this column, have repeated on occasion, and today's theme gives it a fierce bite:

It is history's sad commentary that every people start off with a country — and wind up with a government.

Bobcat Banquet Slated Dec. 9

Boosters will hold an annual banquet for the Bobcats on Wednesday, December 9, it was announced here today and members of the University of Arkansas coaching staff will be on hand.

Letters to the Bobcats, who end the season at Texarkana Thursday afternoon, will be awarded. Details will be announced later.

Extended Forecast

For Nov. 24-28: c
sgvkansas — Temperatures will average slightly below normal. Normal minimum 33-44. Normal maximum 50-62. Slightly cooler Wednesday. Warmer Thursday turning cooler again late Friday. Little or no precipitation indicated.

Stevenson Says Republicans Have 'Humiliated' the Nation Before the Entire World

Thanksgiving Service to Be Held Thursday

An annual Community Thanksgiving Service, sponsored by the local Ministerial Alliance, will be held at 9:30 a. m. Thursday at the First Baptist Church on South Main.

The Thanksgiving message will be delivered by the Rev. Edmond Pendleton, pastor of the First Baptist Church.

Special holiday music will be provided by the First Baptist Church choir.

Pearson Praised by Dulles as Communism Foe

WASHINGTON (UP)—Secretary of State John Foster Dulles today praised Canadian External Affairs Minister Lester B. Pearson as a strong and vigorous foe of communism.

Dulles also told reporters at a news conference that he does not believe U. S.-Canadian relations will be damaged by requests of American senators to quiz Igor Gouzenko, former code clerk in the Soviet embassy at Ottawa.

Yesterday in Ottawa a member of the Canadian house of commons, David Cross, charged that U. S. congressional investigators were building a "smear campaign" against Pearson. Croll called on President Eisenhower to repudiate it.

Dulles, in reply to reporters' questions, said he was not aware of any responsible U. S. group. He added that Pearson is known as a strong and vigorous opponent of Communism.

Meanwhile, two U. S. senators, William E. Jenner (R-Ind.) and Joseph R. McCarthy (R-Wis.), want Dulles to use his office to persuade Canada to let them question Gouzenko.

Gouzenko, now a war of the Canadian government, supplied information which broke a wartime Communist spy ring. The Canadian government so far has refused to let U. S. investigators question him, basing the refusal on assertions that he already has told all he knows.

Young Scouts Badly in Need of Den Mothers

The need for new Cub Scout den mothers was emphasized at the meeting of Pack 62 at Garland school last night.

There are about 30 boys on waiting lists to enter the Cub Scout organization in Hope, but cannot be accepted until den mothers are recruited. Any mother who will volunteer for this work may do so by calling Mrs. Roy Allison or Norman Moore.

The meeting last night was opened by the singing of Cub Scout songs and the flag ceremony. Highlight of the program was presentation of the following awards:

Promoted to Wolf Scout: James and Jim Tollett.

Gold Arrow Points for the Wolf Badge: James Blackwood, Guy Watkins; silver arrow points for the Wolf badge: Reggie Turner, Jimmy Barrentine, Roy Wray and David Porterfield.

Promoted to Lion Scout: Larry Gaines and Joe Vic Duggan. Joe also received one gold and two silver arrow points for the Lion badge.

One-year service stars: Roy Allison, Bill ohnson, Tony McLarty, Bill Anderson, Joe Vic Duggan, Guy Watkins, and Larry Gaines.

Two-year service stars: David Moore and Donald Olesby.

The December meeting of the pack was moved up to Dec. 17 because of the Christmas holidays.

Juvenile Delinquency Conference

JONESBORO (UP)—Public officials of 11 Arkansas counties were to meet with Gov. Francis Cherry here today for a conference on juvenile delinquency.

The meeting was the first of a series scheduled throughout Arkansas by Gov. Cherry to analyze the juvenile delinquency situation, to count resources and to formulate recommendations.

Condition of Jimmy Harbin Is 'Critical'

Jimmie Harbin, Hope man who was seriously injured in an auto accident at Little Rock this past weekend, was reported to be in very critical condition today.

This report was brought to Hope by State Policeman Guy Downing who took blood donated by local persons Little Rock last night. Leaving Little Rock at 1 a. m. today Mrs. Downing said his condition was reported "very critical" at that time. He is the son of Mr. and Mrs. J. M. Harbin.

Plane Falls on Mississippi Bridge, 1 Dead

GREENVILLE, Miss. (UP)—Searching parties reported they found the body of a jet pilot whose plane crashed into the Mississippi River bridge here early today, breaking a natural gas pipeline and sheathing the bridge in flames.

The bridge was closed to traffic until about 11:30 a. m., when it was reopened for slow movement in the south lane. The flames were extinguished about 30 minutes after the crash at 12:12 a. m.

The pilot will not be identified by the Air Force until after his next of kin have been notified.

Searchers said the body was found about a half mile north of the bridge near a two-mile long sand bar.

Alongside the body was the plane fuselage and a parachute. The commanding officer of the Greenville base, Col. Vincent Howard, said the plane presumably was from his base, since a T-33

Farmers Can Get Loans for Improvements

Farm families who own inadequate farms may make essential improvements on their land and building with farm development loans which can be made by the Farmers Home Administration, according to W. M. Sparks, County Supervisor. This credit is extended to improve farms that are large enough but not well enough developed to enable the owner to make a good living. Mr. Sparks pointed out, Funds can be had also, he said, for making farms larger through farm enlargement loans if a larger farm is what is needed. Construction and repair of buildings and other major improvements, as well as making basic soil treatments and carrying out conservation practices, can be done with farm development loans.

These loans are scheduled for repayment over a 40-year period with interest at the rate of 4 percent annually.

Clearing of land by removal of trees, stumps and brush in preparation for pasture development, construction of dairy and other types of barns and farm buildings, construction of fences, the building of terraces and livestock ponds, development of springs for the stock water, improvement and development of pasture are among the uses that can be made of farm development loans, Mr. Sparks said.

Borrowers are encouraged to do as much of their own work as possible in connection with loans of this type and they are also encouraged to use native materials whenever they can in the development of their farms, Mr. Sparks stated.

Funds can also be included in farm development loans, he added, to refinance indebtedness a farmer may have against his farm.

Arkadelphia Fire Loss Is \$28,000

ARKADELPHIA (UP)—Fire swept through a two-story building in Arkadelphia early this morning, causing an estimated loss of from \$125,000 to \$160,000.

Origin of the fire, which broke out about 4 a. m., was not determined.

Housed in the building were the Elkhorn Bank, the Fuller-Walgreen Drug Co., law offices of J.H. Lookadoo; Frank Gerig, engineers; and the Clark County Selective Service offices.

The building was owned by the bank. Lookadoo, who also is president of the bank, estimated loss to the building at between 40,000 and \$50,000; bank loss at \$10,000 to \$15,000; and his law office at 10,000 to \$20,000.

Walgreen's, which was destroyed, suffered an estimated loss of \$50,000 to \$75,000. No estimate was made of the engineers or Selective Service damage.

Firemen battled the blaze for two and a half hours before getting it under control.

ARKADELPHIA (UP)—A two-story building in the center of Arkadelphia's business district was gutted by fire early this morning.

The law offices of John Lookadoo, which occupied the top story of the recently remodeled structure, and the Fuller-Walgreen Drug Co., store were destroyed.

Water and smoke severely damaged the Elkhorn Bank, which adjoined the destroyed building.

The fire reportedly started in the drug store about 4 a. m., and was brought under control two and a half hours later.

Fatal Blow to U. S. Sales Tax Is Delivered

By CHARLES F. BARRETT—WASHINGTON (UP)—House Speaker Joseph M. Martin (R-Mass.) appeared today to have delivered a final, fatal blow against any prospect that Congress would enact a general sales tax next year.

Martin, returning from a two-month tour abroad, told a news conference yesterday he doubts a sales tax could pass the House. That made it just about unanimous among House leaders on both sides of the aisle.

Democratic leaders, after a canvass of sentiment, predicted last week that 85 per cent of their party members would vote against any national sales tax. And Republican Floor Leader Charles Halleck (R-Ind.) joined the anti-sales tax forces over the weekend.

Representatives Jere Cooper of Tennessee and Daniel Red of New York — the senior democratic and senior Republican, respectively, on the tax-writing House Ways and Means Committee—also have opposed the idea.

Martin's statement, climaxing an almost solid show of opposition from both parties touched off speculation that Eisenhower administration now would abandon further consideration of the tax.

Secretary of the Treasury Humphrey has said he is considering a general manufacturers' sales or excise tax, along with other proposals. President Eisenhower has spoken out against a federal retail sales tax but left the door open to manufacturers' level tax.

Reduction in Cotton Crop Is Proposed

WASHINGTON (UP)—Cotton growers states got a taste today of the sharp reduction they may have to make next year in the production of their big cash crop.

Secretary of Agriculture Benson announced acreage planting allotments proposed for cotton under a rigid production control program to be submitted to growers Dec. 15. Approval by at least two thirds of the growers voting is required to set the program in motion.

Growers in Arizona, for example, would have to reduce plantings about 60 per cent from this year. Those in California would have to cut about 52 per cent and those in New Mexico about 44 per cent.

The national planting allotment is 17,910,448 acres compared with 24,534,500 in cultivation for this year's crop last July 1.

States in the Southeast would have to take a smaller cut, averaging around 30 per cent.

The national allotment is divided among the states on the basis of the acreage planted to cotton for the years 1947, 1948, 1950, 1951, and 1952.

This means that states which have only recently increased cotton to plantings — such as California, Arizona and New Mexico — are required to take a larger percentage reduction than those whose acreages have been most constant over the base period.

The state allotments will be apportioned among counties and individual farmers on the basis of a formula in farm law.

Masons to Confer Degree Tonight

Whitfield Masonic Lodge No. 239 will confer an entered apprentice degree tonight at 7:30 at the Lodge Hall. All members are urged to attend.

All Around the Town

By The Star Staff

All grade A dairymen are asked to meet Wednesday night, November 25, in the county agent's office by Charlie Key, chairman of the group. . . the purpose of the conference is to plan for feeding to best advantage during this emergency feeding period.

Friends of Weldon Taylor, former Hope resident, will be glad to learn he is doing fine following surgery at a Little Rock Veteran's Hospital.

Marilyn Shiver, Hope sophomore and daughter of Mr. and Mrs. Harry Shiver, has been chosen treasurer of the Ouachita College Girls' Student Government for the fall semester. . . also at Ouachita two Hope seniors have been named as Who's Who Among Students in American Universities and Colleges. . . they are Melvin Thrash, president of the student body, members of the Beta Beta club and a business major and Jo Anne Burroughs, daughter of Mr. and Mrs. F. J. Burroughs. . . she is a member of Alpha Psi Omega, Ouachita Players, EEE social club and the Ouachita Baptist Student Union.

Second Lt. Ira V. Parsons, son of Mr. and Mrs. Ira Parsons Sr. of Hope graduates November 24 from Signal Corps Officers Basic Course at Fort Monmouth, N. J. . . completing five months course is 32 officers. . . his wife, Mrs. Caroline Parsons resides at Fayetteville. . . Robert McKemie, son of Mr. and Mrs. J. V. McKemie of Hope Route One was recently promoted to corporal with the 7th Division (Infantry) in Korea. . . Corp. McKemie arrived in Korea in May 1952. . . he is a Spring Hill graduate and wears the Combat Infantryman Badge and the Korean and UN Service Ribbon.

All Hope Schools will close Thursday and Friday this week for the Thanksgiving holidays. . . classes will resume on schedule on Monday November 30.

State Bureau Wants 90 Per Cent Parity on All Stable, Storable Items

United Evangelistic Mission

Only 34 Favored Motion to Table the Proposal

By LEON HATCH

LITTLE ROCK (AP)—The Arkansas Farm Bureau Federation today recommended price supports of at least 90 per cent of parity on "stable and storable commodities."

The recommendation came after the only debate on the first batch of proposed resolutions submitted to the federation at the second day of its 19th annual convention.

"The proposal was approved and thereby becomes the official viewpoint of the federation," motion to table the proposal was rejected.

Thirty-four of some 225 voting delegates favored a motion to table — that is to reject the resolution. Those opposing the motion to table were not counted when it was apparent that they had prevailed.

Aubrey Atkinson of Cross County moved for rejection.

He contended that cotton should be marketed under a proposed two-price system.

Under this proposal, American cotton would compete without restriction in the world market but the domestic price would be supported.

"Let the government allot us 10 million acres of domestic production," Atkinson advocated, "and we will take our chances in the world market."

"Let them support domestic cotton at 100 per cent parity."

"The present cotton acreage allotment for all purposes for next year will be nearly 18 million acres. If the growers approve a production controls in a referendum, however, Congress is expected to increase the figure."

Parity means the average price received by farmers for their products during a designated period in previous years.

Price supports are based on a specified percent of parity.

Atkinson was joined by Richard Smith of Johnson County, who had a different reason for his objection to the resolution.

Smith said he was against price

West Floods Threat to Thousands

By United Press

Rain-swollen streams, menaced life and property in the California-Oregon border area today with more heavy showers forecast.

Some 2,500 persons were cut off and seven families were reported to be in serious isolation after Coast Guard ducks failed to buck the flood currents on a mercy mission. Two persons have drowned.

Some communities were also isolated, highways were inundated, and the flood waters were covering valuable pastures.

The Weather Bureau forecast more rain today, increasing tomorrow with "heavy amounts" in the border area.

A six-year-old girl, Lana Clark, was brought by duck to a hospital at Coquille, Ore., after the flooding Coquille river isolated the ranch of her parents, Mr. and Mrs. George Clark.

Radio station KWRO helped in the dramatic rescue by broadcasting instructions to the family, which met the duck on a raftsweet and washed out road.

The rains began last Thursday and have been falling steadily since. Up to 10 inches fell in southern Oregon over the weekend.

Landslides or high water blocked every major highway and most secondary roads in Coos and Curry counties in Oregon.

Navy Mascot Under Special Guard

ANNAPOLIS, Md. (AP)—The Navy's goat, like the Army's mules, was under special guard today to prevent a repeat of his kidnapping as the Saturday clash between the two service academies drew near.

Bill XII, Navy's mascot, was returned here from West Point last night less than 24 hours after it showed up at a cadet meal formation Sunday night.

There were indications the order for Billy's return came from the Department of Defense or perhaps even the White House.

Bernard Baruch, elder statesman who was visiting West Point when Billy was unveiled there, carried a report of the affair to President Eisenhower in Washington.

There was another report that Army cadets who rallied outside the quarters of Brig. Gen. John H. (Mike) Michaelis, commandant of cadets at the Point, were told the order to return the goat had come "from higher than Mike" and "from outside the academy."

Billy was accompanied on the seven-hour truck ride back to the Naval Academy by Lt. Col. George W. McIntyre of Binghamton, N.Y., the adjutant at West Point, who admitted to feeling "like a bit of an ass."

Series of Car Thefts Lands Pair in Jail

An 18-year-old pregnant girl and a 10 year-old-boy are in Hempstead County Jail today following arrest at Texarkana late Monday afternoon for theft of an auto owned by Mr. and Mrs. Elmer Morrill of Hope. A search is still in progress for a second auto which was stolen yesterday from the Trading Post, a local used car lot.

The arrest was made by Arkansas State Trooper Clarence Gibson and Texarkana, Ark. officers and ended a five day car stealing spree which started at Pontiac, Mich., where the couple is from.

Alerted by radio about 4 p. m. to be on the lookout for a car stolen by an unidentified man from a local used car lot, here Trooper Gibson started patrolling Highway 67 between Hope and Texarkana.

Meanwhile the youthful couple, unaware of the alarm, caused by the car lot theft, took an auto from here after watching the owner leave the car and enter a store about 4 p. m.

Trooper Gibson spotted the stolen car as it crossed Red River at Fulton and a 15-mile, 95-mile-per-hour chase began. Texarkana officers threw up a roadblock and caught the pair at Texarkana city limits.

State Police said the youths left Pontiac, Mich. Wednesday, walked a while then stole a car and drove it to Searcy, Ark. They left it at Searcy and hitchhiked to Little Rock where they stole another auto about 4:30 Sunday and drove it to Prescott where it was abandoned. They stole a third car at Prescott, drove it to Hope where they took the auto in which they were caught.

The first theft has not been heard from. A man drove into a local used car lot and merely swapped cars, the latter was stolen in West Memphis and a third car had been left in Memphis.

Officers said the pair arrested admitted they were going south to get married. State Police Lt. Harold Porterfield and Deputy Sheriff Jimmy Cook returned them to Hope.

Two Persons Meet Violent Death

By The Associated Press

A other died of burns and a 5-year-old boy was killed in a traffic accident during the first hours of the seven-day fatality period beginning yesterday.

Mrs. Elmer Morrill, 38, of near Manila, died in a Memphis hospital of burns suffered when she rescued her 4-year-old daughter from their flaming house Sunday. The daughter, Barbara, is in a critical condition.

A kerosene stove exploded, and Mrs. Morrill, disregarding her own burns — dumped Barbara into a rainwater barrel. The mother then extinguished her own blazing clothing.

Mickey Neill was injured fatally when he was struck by an auto on Highway 19 in front of his home near Waldo. The driver of the car, identified by State Trooper Cornelius Wornack as N. D. George of Springhill, La.

New Mati Hari Gives 'Love' for Secrets

WASHINGTON, D.C. — A German (UP) — Arrest here of a beautiful blonde, blonde "Mati Hari" accused of offering her love to cash bonuses for United States military secrets, was said today to have exposed a Communist-run "university" which trains such girls and sends them to West Germany.

U. S. Army authorities said they are holding for trial the suspect, curvaceous Margaret Pfeiffer, 24. They said she had confessed she offered her favors to G.I.s in exchange for information on secret codes, troop locations and other military matters.

If her affections proved insufficient here, they said, she was always ready to throw a little cash into the bargain.

West Germany's most widely read magazine, "Der Spiegel," said dozens of such beautiful girls had been trained by the Reds in a special university at Sigmund, on the East German-Polish border for the "John" name large American troop concentrations in West Germany.

Miss Pfeiffer, U. S. military authorities said, will be put on trial before a U. S. district court on Monday. She is being held in the of \$5,000 bail bond.

She was arrested last Saturday when she kept a "date" at a restaurant here with an American soldier from whom she attempted to obtain information on an infrared tank gun sight.

Der Spiegel said the East German has released many of the most attractive street walkers in the city for training at their "special university."

Charges, the magazine said, include dancing, body culture, prevention of pregnancy and venereal disease, and the use of knockout drops.

It was not known definitely whether Miss Pfeiffer attended the "Red" special university, but German sources believe she was a graduate of it.

McClellan Says McMath Will Seek Senate

WASHINGTON, D.C. — Sen. John D. McClellan is mapping his plans for the 1954 senatorial campaign on the assumption that his opponent for re-election will be former Gov. Bill McMath.

The senior Arkansas senator said here that McMath is looking more and more like a "candidate. He has indicated he is convinced the former governor, who has not announced he will make the race.

McClellan supported Gov. Frank B. Cherry when he defeated McMath last year in a bid for a third term as governor. The pair also ran at odds on the question of supporting former President Harry Truman. McClellan was opposed to Truman's policies. McMath was a friend and supporter of the former president.

Both have been making extensive tours of the state recently and McClellan's cause hasn't been hurt by his success in helping to ease two federal project controversies in the state.

He headed a Blytheville delegation that obtained a reversal on a Defense Department decision to drop the proposed Blytheville airplane base from the Air Force construction program.

Along with Gov. Cherry, Sen. J. William Fulbright and Rep. Norrell McClellan also got a promise from Secretary of Defense Wilson to reconsider a decision to close the Army-Navy Hospital at Hot Springs next March 1.

Raps Religious Persecution of Russia

BY BRUCE W. MUNN
UNITED NATIONS, N. Y. (UP) — The United States charged today the Russians were pursuing a policy of religious persecution and denounced the arrest of Catholic Cardinal Wysynski as part of a vast "hate campaign."

U. S. Ambassador Henry Cabot Lodge, Jr., told the United Nations political committee that the Iron Curtain each year was becoming "bolder and more widespread."

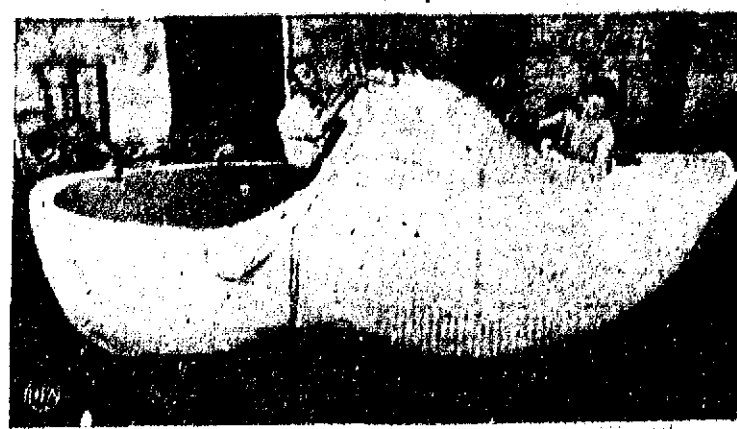

He said the hate campaign and the Iron Curtain had expanded because there were no free news papers or free radios within the Russian realm to counteract them.

Lodge said Polish Cardinal Wysynski was arrested for "anti-state activities" and branded as "a spy and an imperialist agent" because his religious beliefs and Communist line did not coincide.

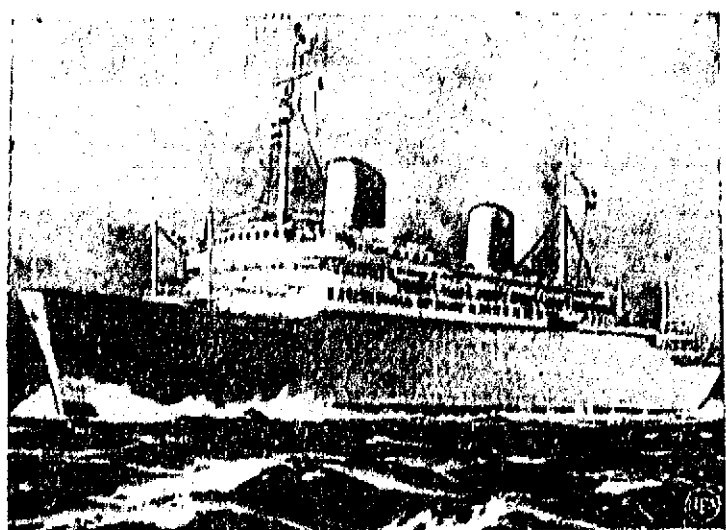

The U. S. charges were made as the political committee pressed its debate on Russia's annual propaganda-packed "peace" resolution which condemns other countries for inciting "enmity and hatred."

Ball Seeks Hike on Certain Services

LITTLE ROCK (UP) — Southwestern Bell Telephone Company has asked the Arkansas Public Service Commission to allow a rate increase on certain services to

IT SHOE IS BIG—The Old Woman Who Lived in a Shoe would feel quite at home in this 15-foot (no pun) model of a Dutch clog that took seven craftsmen three and a half weeks to make. It was displayed at the Netherlands Fair in New York. The shoe is six feet wide and six feet high.

SWEDISH SEA QUEEN—This is the Kingsholm, new Swedish American Line passenger ship, as drawn by Marlin Marie, the French marine painter. Now being completed in Stockholm, Sweden, the 22,000-ton vessel is the largest passenger ship in Scandinavia. She'll carry 800 passengers.

Most processors are clearing up present supplies and will not resume operations until after the holidays. Offering prices for future delivery were unchanged. Only one small sale was reported at the bottom of yesterday's price range (26 cents).

POULTRY AND PRODUCE

CHICAGO (UP) — Live poultry fully steady; receipts 1,477 coops; POB paying prices unchanged except on young hen turkeys 1 cent a pound higher; heavy hens 21-25; light hens 13-20; fryers or broilers 28-32; old roosters 18-20; ducklings 27-30; young tom turkeys 28-30; capons 40-44; geese 20-21; young hen turkeys 41.5-44; miscellaneous ducks over 5 pounds 22-23.

Butter steady; receipts 597,332; wholesale buying prices unchanged; 93 score AA 65.25; 92 A 65.25; 90 B 65; 89 C 64; cans 90 B 65; 89 C 61.75.

Eggs irregular receipts 11,060; wholesale buying prices 3 cents lower to 1/2 cents higher; U. S. large 53.54; U. S. mediums 42.5; U. S. standards 47.5; current receipts 41.5; dirties and eggs 38.

NEW YORK COTTON

NEW YORK (UP) — Cotton futures were regular today in slow trading. Switching from nearby December to later months were active on first notice day for that delivery. There were only seven December transferable contracts.

Late afternoon prices were 30 make up a reported 30,000 monthly deficit.

The increases, according to a petition filed with the PSC yesterday, would be on service connections, removals, change of telephone location, installation of certain special equipment, and an average of 5 cents more on toll calls or more than 40 miles within the state.

Warren E. Bray, general manager for Southwestern Bell in Arkansas, said "there will be no general rate increase, as no change is proposed in the basic monthly rates for local exchange service."

Only 34 Favored

Continued from Page One

supports "in any form."

Richard Barnett of Altheimer and H. of Part of Hope, the latter a member of the Resolutions Committee, spoke in opposition to the motion to table.

Barnett said he thought some of Atkinson's remarks were "a little in theory, but more in fact."

Among a total of some 26 resolutions proposed by the Resolutions Committee is one which would place the organization on a "free" tax against Gov. Frank Cherry, proposed 100 per cent tax on investment income.

The committee said it didn't believe the Cherry tax assessment proposal would solve any problems and suggested "there are ample ways on the statute book now to provide for equalization of tax assessments."

It called for "strict enforcement" of present tax laws.

The Cherry proposal will be put to popular vote at the November, 1954, general election.

It provides for assessment of full value of property instead of the present assessment of a percentage of value as fixed by the Public Service Commission.

A maximum would be placed on the tax rate which could be levied for schools. None new except lands for county and municipal property taxation also would be lowered from present levels.

The committee said it believed that for communities to qualify for a price support program, they should be of such nature that their production can be controlled and they should be suitable within reasonable limits.

Purity is the average price received by farmers for their products during a designated period in previous years.

The committee would amend the Federal Food Law to prohibit industry-wide collective bargaining in an effort to prevent in industry-wide strikes.

Other proposed resolutions:

Command recent changes in the agreement covering importation of Mexican farm labor into this country but called for added modifications in future contracts.

Recommended development of a water rights bill "which will be regulative in all phases for the protection of the vested rights of various users of surface water resources of this state."

Expressed belief that the College of Agriculture is being discriminated against in the division of University of Arkansas funds and recommended that the published for public inspection with each department's funds identified.

Called for removal of the controversial two per cent sales tax from feed, seed and fertilizer. Asked for additional savings at

FROM STAGE TO PLANE—James W. (Dad) Monte, 91, of Los Angeles, rides with the times. The one-time Kansas stagecoach driver, who is now a licensed pilot, recently flew this U. S. Air Force P-51 jet trainer at a galloping 500 m.p.h.

Doctor Sentenced on Narcotics Charge

LITTLE ROCK (UP) — A 73-year-old Cross County doctor was sentenced to a federal prison today for furnishing an alleged cancer victim with 11,320 normal doses of a narcotic in less than a year.

Federal Judge Harry Lemley sentenced Dr. Clifford M. Shelton, 73, Cherry Valley, to one year and a day for narcotics law violation yesterday with the observation that "there is nothing as evil in this country as traffic in narcotics."

Shelton was charged by U. S. Narcotics Agent Harley Anderson with having bought for dispensing 24,600 doses of narcotics, 11,320 of which were sent, according to testimony, to a known addict in Manhattan, Kan.

Shelton contended his patient was a victim of cancer.

Atments for the 1954 cotton crop above the present 17,010,448 acres and "hardship cases," but said that the total should not be allowed to exceed 20 million acres.

Recommended revision of the Federal Child Labor Law so there would be no liability when children of farm families help in work on these farms.

Opposed any efforts to repeal or weaken Arkansas "freedom of work" laws.

Opposed federal health insurance or "any form of socialized medicine."

Called for balancing of the federal budget.

Proposed that the present drought emergency feed program be continued through the winter feeding program where needed.

Plane Falls on

Continued from Page One

jet trainer, the same type that crashed, was missing.

The unidentified air cadet in the plane was on his first night solo flight, Col. Howard said.

The crash punctured a 5.6 inch hole in one of four natural gas lines crossing the bridge. The gas exploded, sending a blow-torn flame 75 feet into the air which spread the riders of the bridge.

The riders were bent badly and charred.

The jet hit the bridge just above the third pier supporting it, on the Mississippi side of the river.

Highway patrolmen said the largest piece of the plane that was found was 12 inches long.

The tumbling road from the flames could be heard in downtown Greenville, 10 miles from the crash scene.

GREENVILLE, Miss. (UP) — A jet training plane rammed into the Mississippi River bridge near here today, rupturing gas lines that crossed the span, and sending the pilot to instant death.

The \$1,470,000 span was closed to traffic temporarily.

A Greenville Air Force base student pilot missing on a night training flight was the apparent victim of the crash at 12:03 a. m.

Col. Vincent Howard, commander of the Greenville base, said the student pilot was missing.

The plane ripped through the steel super-structure of the bridge and plunged into the river, knocking out two of the four natural gas lines operated by Tennessee Gas Transmission Co.

Gas company officials said service to cities using the service in Mississippi and Louisiana was restored after a temporary lapse.

T. J. Brown, a witness, said a bright flash of flame was followed by an explosion after the plane hit the bridge, Brown said the pilot plunged into the river after it hit the bridge.

Traffic was halted and detoured 60 miles south to the Vicksburg, Miss. bridge.

Managing editor Tom Karsell of the Greenville delta Democrat-Times said the plane was traveling north when it struck the third pier from the Greenville side of the east-west bridge which links Greenville with Lake Village, Ark. He said the wings apparently were sheared off as the fuselage went on through and fell into the river.

Escapes Play Peek With Communists

REGENSBURG, Germany (UP) — Two Czechs who sputtered across the Iron Curtain in a tiny plane played peekaboo in a fog blanketed with Communists, witnesses of their crash-landing disclosed today.

Zdenek Volf, 23, the pilot, and

BEARLY IN LOVE — Cold weather doesn't stop these polar bears from outdoor love-making in Tokyo's Ueno Zoo. The big animals who bathe outdoors in frigid temperatures have plenty of room for winter fun in their icy pool.

Bicycle Death May Have Been Murder

LITTLE ROCK (UP) — The apparently accidental death of a 14-year-old bicyclist here last week today threatened to become a full fledged murder mystery.

Pulaski Deputy Coroner Dr. L. Gordon Holt said after an autopsy that he felt there was a "strong chance" that there was foul play involved in the death last Thursday of Ronald L. Scallion, 14. Holt said a head blow caused death.

The boy was found dead, lying over his fallen bike on the street, by a motorist who said a Negro

Jeri Wertheim, 24, credited the fog patches with concealing them from the MIG's which were alerted when their little Piper cub first took off from an airfield near Prague.

Rifts fire from alerted Red border guards missed the 60-mile-an-hour puddle-jumper as it crossed into the American zone of Germany after a two and one-half-hour flight to freedom. Out of gas, the plane plopped into a potato patch near Pfarrkirchen yesterday.

The smiling Czechs applied for political asylum and U. S. intelligence agents kept them under wraps.

But two German brothers, Ludwig Reithberger, 36, and his brother Johann, 33, were near and reached the plane as soon as it landed.

The Czechs told them they felt certain they would have been shot down if the jet fighters had been radar-equipped. Apparently they were not.

To Sentence Father, Son for Robbery

HUNTSVILLE, Ala. — George and Ora Knight will be sentenced to 21 years in prison Nov. 30 on a conviction of robbing the bank of Kingston, Ark., of \$8,721.

An all-male jury yesterday deliberated only 45 minutes before convicting the 47-year-old father, Ora, and his 22-year-old son, George, of the bank robbery charges. The jury did not fix a sentence, but Judge Maupin Cummings said it would assess the maximum penalty.

The pair had pleaded innocent and George, the only defense witness, claimed that they had signed a statement admitting the Oct. 15 armed holdup because they were told "it would go easier with my wife if we did."

George's wife recently received a suspended sentence on a forgery charge, but Prosecutor Ted Coxsey said she had neither been arrested or charged when the male Knights were apprehended.

The men have refused to name their hometown. But Mrs. Knight has said they were from Roca, Neb., and that her family lived in Rocky Comfort, Mo.

The Kingston bank was robbed by two men who tied up bank cashier Wilson Bunch and fled the area in a automobile, only to be captured near Rogers, Ark., after a brief gunbattle.

Some \$2,490 of the stolen funds was recovered. The pair has claimed they have no knowledge of the whereabouts of the remaining \$4,231.

woman wandered away from the scene mumbling "I've been hit once and I don't want to get hit again."

Police said apparently no car was involved in the death.

'54 CHRYSLER WINS "GREATEST STOCK-CAR TEST IN THE WORLD!"

Above you see Chrysler smashing the all-time 24-hour endurance record at Indianapolis to win the Stevens Trophy! An incredible performance! 2,157 miles in 24 hours 'round the clock over the toughest hard-top track in the world! Here is thrilling proof of the stamina, durability, and safety of the new '54 Chrysler. Its 235-h.p. FirePower V-8 engine and PowerFlite fully-automatic transmission far out-performed all other cars in the history of this event! And set the amazing new record without any replacement of engine parts! Now

mind you, this was no special car! Selected from regular production models by AAA officials, this is the beautiful Chrysler now on display! This is the same record-breaking performer we invite you to come drive! And what an experience for you! You'll feel the one and only 235-h.p. performance! Performance that says you drive the leader. You'll see new beauty inside and out that tells the world you drive the leader! Come drive the '54 Chrysler yourself for the most exciting and memorable experience of your motoring lifetime!

COME DRIVE THE CAR THAT DID IT! The power of leadership is yours in a beautiful

Calendar

Wednesday, November 25

At 9 p. m. in the Hope Gospel Tabernacle, Miss Lou Neal Logan will become the bride of Wayne Franklin Green of Magnolia.

Hilda Rita Green will wed Kenneth L. Chief of Texarkana, Texas, at 6:30 p. m. on November 25, at the Church of Christ, 5th and Grady Streets.

The District Den Mothers Training Course for Piney Wood District

will be held Tuesday, November 24, in Prescott, from 9 a. m. until 3 p. m. This course is open to all Den Mothers or anyone interested in Cub Scouts. There will be a registration fee.

The GMA's of the Unity Baptist Church will meet on Wednesday, at 6:30 p. m., with Sam Williams in charge.

On Tuesday evening at 5:15, the Little Men's Brotherhood of the Unity Baptist Church will hold their meeting.

The Katharine Mallory Circle of the First Baptist Church will meet Tuesday night at 7:30, in the home of Mrs. Woodard Cox, 1409 South Pine.

The Cosmopolitan Club will meet Tuesday, November 24, at 7:45 p. m., at the home of Mrs. Franklin Horton with Mrs. Mack Stuart and Mrs. Perry Moses as co-hostess.

Thursday, November 26
Miss Wanda Adreus will become the bride of RD 3 Delmar Collins on November 26, 1953.

Friday, November 27
The Alpha Delta Chapter of Delta Kappa Gamma Society will have a dinner meeting at the Hotel Baylow on Friday, November 27 at 7:15 p. m. Miss Nichole Wable, a French student, from the University of Arkansas, Fayetteville, will be guest speaker.

The Friday Music Club will meet Friday night at 7:30, in the home of Mrs. Jewel Moore, Jr., with Mrs. Ed O'Grady as co-hostess. Mrs. Loyd Guerin will be in charge of the program. All members and associate members are requested to pay their dues as December 1st is the deadline.

Dahlia Garden Club
Meets in Greenlee Home

Mrs. Carl Greenlee and Mrs. Troy Greenlee were hostesses to the November meeting of the Dahlia Garden Club, when it met on Friday, November 20, at 2:30 p. m. Mrs. J. C. Carlton opened the fall meeting with a prayer. Mrs. Dewey Baber presided over the business session, and seventeen members answered roll call with their autumn post mortems. Mrs. Martin Green, secretary, read the minutes of the preceding meeting. The treasurer's report was given by Mrs. Troy Greenlee. A report was given on the club pilgrimage which took place November 17.

Mrs. J. O. Luck then introduced Mrs. Catherine Howard Richards who brought an interesting program on "Birds." Her knowledge of native as well as migratory birds, their habits, food, manners and identifications was informative as well as entertaining.

Mrs. Carl Greenlee won first place with her arrangement of dried materials entitled "Hold That Line."

Mrs. Carlton urged a full attendance at the Christmas luncheon to be held in the home of Mrs. Beverly Johnson, 409 East Second St. on December 18, at 12:30.

Miss Green Fated With Shower
Mrs. J. Spruell and Mrs. Leonard Jennings entertained with a bridal shower on Monday night at the home of Mrs. Jennings for the pleasure of Miss Hilda Rita Green, bride-elect of Kenneth L. Chief.

The hostesses presented a corsage of kitchen utensils to the honoree. The table was centered with an attractive arrangement of fall flowers.

After the opening of the many gifts, the guests were served sandwiches, cookies and punch.

Mr. and Mrs. W. B. Ruggles and Mrs. Bob Spauld will have a holiday guests Bob Spauld of Bainbridge, Georgia, Mr. and Mrs. Clarence Spauld of Atlanta, Mr. and Mrs. Truman Humphries and daughters of Shreveport, and Mr. and Mrs. Billy Ruggles and son.

Mr. and Mrs. Joe Irvin and daughter of Galveston, will arrive Wednesday to spend the holidays with Mr. and Mrs. C. M. Irvin of Ozan, and with the W. B. Ruggles.

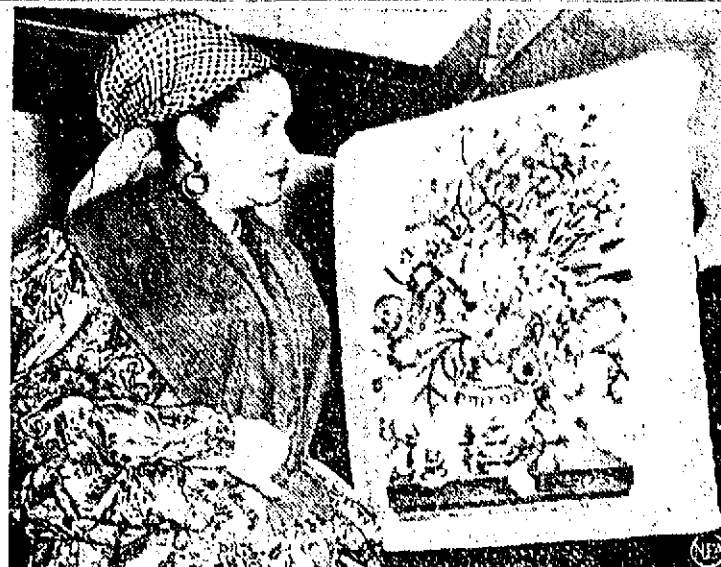

Discharged: Mrs. John Herr and daughter, Emmet John Wm. Watts, Hope, Mrs. Ruth O'Brien, Hope.

KIDDIE CADDIE—Ralph Hartley, Jr., of Hollywood, Calif., is only nine years old, but he's already driving his second car. To top it off it's a Cadillac. His dad, Ralph, Sr., kneeling beside it, built the car. The elder Hartley has been offered \$4000 for the car, but it is not for sale. Although the car can do 70 miles an hour, any racing of the hand-made Caddie will be confined to back-yard freeways.

UNFINISHED—Mrs. Pearl Connor, of Trinidad, admires a beautiful piece of wool embroidery done by the late Queen Mary of Great Britain, who never completed it. It is signed "Mary R" in silk thread. The panel was displayed at the International Handicrafts, Homecrafts and Hobbies exhibition in London.

Kidnap Killers Not Allowed Privileges

JEFFERSON CITY, Mo. (UP) — Carl Austin Hall and Bonnie Brenda Heady enjoy neither privilege nor pity as they wait in solitude to die together for the kidnap-murder of Bobby Greenlease.

Life went on pretty much as usual at Missouri State Prison yesterday. For instance, it was Sunday and inmates enjoyed special privileges.

"They have 'yard privileges,' when as Warden Ralph Eldon put it, they 'just mill around and chat with each other.'"

But the degenerate Hall and his alcoholic partner, sharply refused by the government when they asked permission to marry before they die at 12:01 a. m. (CST) Dec. 18, did not mill or chat.

In death row, monotonous routine was interrupted by the sabbath. At 8 a. m. and 4:45 p. m. food was shovelled in on stainless steel plates. Carl Hall and Bonnie Heady got only rounded spoons with which to eat.

Guards eye them 24 hours a day. They are "not very popular among other inmates," the warden said. Hall was paroled from Missouri state prison only eight months ago and is "well remembered."

He and Mrs. Heady eat food from the prison officers' mess. That's an additional precaution that someone doesn't accomplish prematurely what the government will undertake in the gas chamber.

So far, neither Hall nor Mrs. Heady has had a visitor in death row, although they would be permitted spiritual guidance.

The millionaire father of the six-year-old victim of the kidnap-murder, Robert C. Greenlease, meanwhile was reported pondering whether to watch the kidnapers die.

Paul Greenlease, adopted son of the Kansas City automobile distributor, said his father "told me he would have to decide whether he is going to go" to the execution.

The government has clamped on tight restrictions concerning news of Hall and Mrs. Heady before Dec. 18. Only one representative from each of the three news services will be permitted to witness their deaths.

Court Docket

City Docket
Avis Perry, Selling intoxicating liquor, Tried, fined \$100.00.
Bertha House, Possessing Intoxicating liquor, Forfeited \$50.00 cash bond.
Bobby Steffler, Richard Westfall, petit larceny, Forfeited \$25.00 cash bond and 1 day in jail.

Pelvis McMorris, Possessing Intoxicating liquor, Forfeited \$50.00 cash bond.
T. H. Duke, Jack Oliver, Speeding, Forfeited \$5.00 cash bond.

Blast Destroys Helena Building

HELENA (A) — An explosion demolished a building here last night spewing bricks and rubble into 15 rows of seats of an adjoining moving picture theater.

No one was reported injured.

Fire Chief John E. Bevelacqua said an explosion occurred in the two-story building, housing an appliance store, about 10:20 p. m. CST, when only a few persons were attending the adjoining theater.

Bricks and steel girders covered Helena's main street, which was believed to be unoccupied at the time of the explosion.

Ike to Leave for Thanksgiving Day

WASHINGTON (A) — President Eisenhower will leave at 9 a. m. tomorrow for a Thanksgiving holiday in Augusta, Ga.

The White House announced the President and Mrs. Eisenhower, traveling in Eisenhower's private plane, the Columbine will fly first to Ft. Benning, Ala., to pick up their son, his wife and the grandchildren and take them on to Augusta.

The son, Maj. John Eisenhower, is stationed at Ft. Benning.

The President plans to return to Washington Sunday night. Thus he will miss the Army-Navy football game in Philadelphia Saturday.

Soldier May Have Killed Little Girl

TOKYO (UP) — A Japanese police chief said today that latest evidence indicates that pretty nine-year-old Susan, other child was choked to death by an American soldier who is a sex maniac.

The disclosure came as funeral services were to be held today for Susan in the Camp Zama chapel.

Chief Okiyama of the Kanagawa prefecture NRP headquarters told reporters the latest evidence strongly indicates that the murderer is a sex field and a GI.

"This is pointed out by the fact that about a half hour before the murder two girls were chased by a GI near the housing area," Okiyama said. "The housing area in question is an off limits area for the Japanese and this further rules out the suspect being Japanese."

Investigators hoped the two teenage girls might help them corner the murderer of Susan, daughter of U. S. Army Col. Jacquard H. Rothchild. Susan's battered body was found by her father in a drainage ditch Saturday night two blocks from her home in the Sagamihara housing area.

She was found partly-clothed and lying face down in the three-foot ditch. She was alive when found, but died before reaching a hospital.

Army officials said an autopsy revealed Susan was killed by a gag forced down her throat.

"Numerous bruises and scratches were found around the neck which indicated an instrument for strangulation was used," a report said.

It added there was "no evidence of rape or attempted rape."

Later army reports said the man seen by the two teen-agers girls apparently was wearing a uniform. Japanese schoolboys wear uniforms, but they are unlike the American military uniform.

Letters to the Editor

This is your newspaper. Write to it. Letters criticizing the editorial policy or commenting upon facts in the news columns, are equally welcome. Every writer must sign his name and address but publication of name may be withheld if requested.

Editor the Star: Please let me warn all Hempden county property owners who live on or near county roads about the following: County Judge U. G. Garrett has given a Negro by the name of Morrison a blanket permit to cut any and all timber on county road right-of-ways; and the Judge thinks all road right-of-ways are 60 to 80 feet. Something should be done to stop this threatened trouble.

Khan to Invest Heavily in Egypt

CAIRO, Egypt (UP) — The Aga Khan offered today to invest 28,000,000 in Egypt as a token of good will toward the new regime, official sources said.

They said the offer, now under consideration, followed the friendly settlement of a long-standing dispute over land purchased by the immensely wealthy Moslem leader.

The Aga Khan bought \$840,000 worth of land near Cairo in 1946, but Egyptian sources said he failed to perform on a contract clause requiring him to build houses on the tract.

21 Injured in Florida Tornado

PANAMA CITY, Fla. (A) — Residents of Woodville, a small north-west Florida community, cleared up debris today after a roaring Sunday morning tornado, which smashed six homes and left 21 injured.

Another twister ripped across two south Louisiana parishes (counties) a few hours earlier, destroying 20 homes and injuring one person.

Most of Woodville's 100 residents were at home when the girth hit at 6:40 a. m.

It is estimated that "an acre of meadowland contains 15,000,000 insects."

President Eisenhower should re-evaluate what he described as "attacks on Canadian Foreign Minister Lester B. Pearson."

Personal To Women With Nagging Backache

Nagging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folk are getting nagging backache—bad, miserable, minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent urination. Don't neglect your kidneys if these conditions bother you. Try Dr. Dan's Pills—a mild diuretic. Used successfully by millions for over 60 years. It's easy to take and low cost. Dr. Dan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Dr. Dan's Pills today!

JUANREZ, Mexico (AP) — Broken bottles, hearts, ears and records to dance gave added testimony to the thrill and courage it takes to win the Pan-American road race.

The fourth annual anti-to-north races over 1,912 miles of Mexican countryside ranging from tortuous mountain roads to long, straight speedways ended here yesterday. Italian Lucias and American Liberos drove away with the bulk of the honors.

A three-man Lancia team, headed by Juan Manuel Fangio of Argentina swept the big sports car class. Fangio finished in 10 hours, 11 minutes.

Chuck Stevenson of Lynwood, Calif., and Milwaukee, Wis., took his second straight victory in the big stock car division, leading a group of four Lincolns to their second sweep of the class. His time was 20 hours, 31 minutes, 32 seconds.

C. D. Evans, El Paso racing promoter, hosted his Chevrolet home first in the small trucks division in 24 hours, 45 minutes, 21 seconds.

And Jose Hernandez of Guatemala got a break at the finish to bring his Porsche in first in the small sports car class in 23 hours, 47 minutes and four seconds.

Only 57 of the original field of 177 cars made it to the finish line. The winning times were records in each division and new standards were set for almost every lap.

The death toll was heavier than the other three races combined. Seven persons died. Four drivers died in all the earlier races.

Four spectators died the first day of the race when a car ran into a crowd. Felice Bonetto, leader of the Lancia team, cracked up while running in first place Saturday. Antonio Stagnoli and Giuseppe Scutuzzi, also from Italy, died in another Thursday.

Hugo Hartmann of Germany drew hard luck honors. He limped across the finish line in his alling Borgward just seven seconds after the three-hour deadline for the last lap from Chihuahua City.

And Jose Hernandez of Guatemala got a break at the finish to bring his Porsche in first in the small sports car class in 23 hours, 47 minutes and four seconds.

Only 57 of the original field of 177 cars made it to the finish line. The winning times were records in each division and new standards were set for almost every lap.

The death toll was heavier than the other three races combined. Seven persons died. Four drivers died in all the earlier races.

Four spectators died the first day of the race when a car ran into a crowd. Felice Bonetto, leader of the Lancia team, cracked up while running in first place Saturday. Antonio Stagnoli and Giuseppe Scutuzzi, also from Italy, died in another Thursday.

Hugo Hartmann of Germany drew hard luck honors. He limped across the finish line in his alling Borgward just seven seconds after the three-hour deadline for the last lap from Chihuahua City.

Maryland Ousts Irish From Top of List

NEW YORK (AP) — Maryland was undisputed mastery of college football for the first time this season today after pushing Notre Dame off the top rung.

The Terps, the only undefeated, untied major team in the country, took over first place in the weekly Associated Press poll of sports writers and sportscasters in emphatic fashion, polling 2,347 votes to 2,009 for second-place Notre Dame.

The Irish had been No. 1 in the AP's preseason poll and in all subsequent AP polls until they were held to a 14-14 tie by Iowa Saturday.

Maryland, which finished its 10-game season by routing Alabama 23-0, picked up 154 first-place votes of 251 ballots cast. The points are awarded on the basis of 10 for first, nine for second, and so on.

Notre Dame, which now shows a 7-0 record, gained 47 first-place votes. The Irish still must play Southern California and Southern Methodist.

This is the first time in history Maryland has been able to reach the top of the AP poll. Coach Jim Tatum's teams have been in the runner-up spot many times, but were rated only No. 9 in the preseason survey.

The rest of the top five remained the same as last week. In order, they were Michigan State, Oklahoma and UCLA. Illinois moved up from seventh to sixth while Texas dropped to seventh.

The biggest jump, as might be expected, was made by Iowa, which climbed from 20th to No. 9. Rice took over No. 10 and Georgia Tech, which will play in the Sugar Bowl, No. 10.

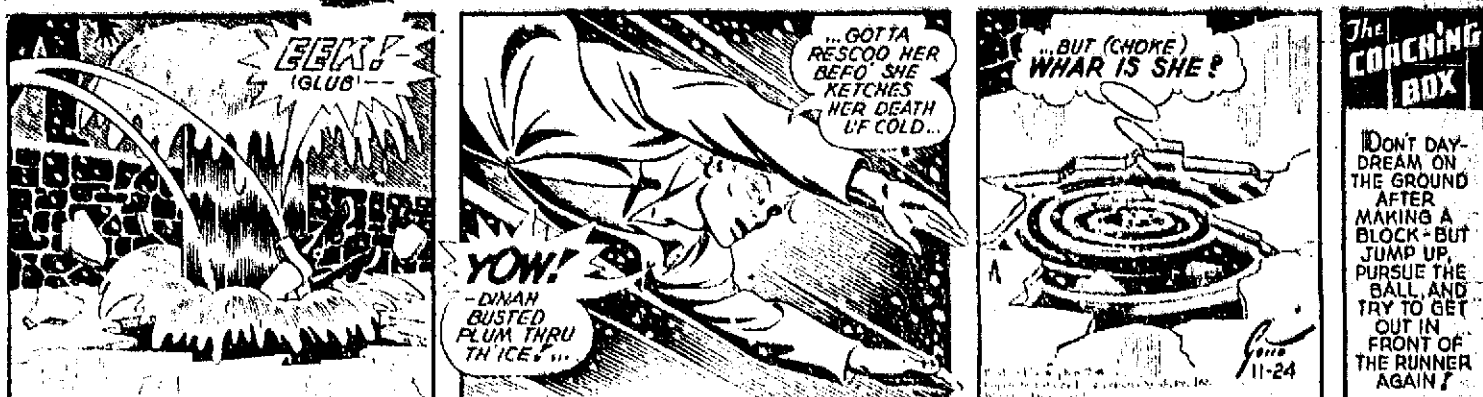

Wisconsin, which could do not better than the Minnesota 21-21, and Southern California, defeated by UCLA,
